ASSIGNMENT

WHEREAS, Dotrix N.V. (hereinafter the "Assignor"), a Belgium corporation having a place of business at Tramstraat 69, 9052 Gent, Belgium is the owner of the entire right, title and interest in and to the invention disclosed in the United States patent application on the schedule attached hereto and incorporated herein by reference as Exhibit A and in and to such patent application;

WHEREAS, AGFA-GEVAERT N.V. (hereinafter the "Assignee"), a Belgium corporation, having a place of business at Septestraat 27, 2640 Mortsel, Belgium, seeks to acquire the entire right, title and interest in and to such invention and patent application;

NOW, THEREFORE, for or good and valuable consideration, receipt of which is hereby acknowledged, Assignor has sold, assigned and transferred, and by these presents does hereby sell, assign and transfer to Assignee, its successors and assigns, all its right, title and interest in and to such inventions, such patent applications and such patents and any patents, and any reissues and extensions thereof, which issue or have issued in the United States upon patent applications which correspond with or claim priority from any of such applications or patents or any divisional, continuation-in-whole, or continuation-in-part thereof, including the right to sue and collect for past infringement; the same to be held and enjoyed by Assignee for its own use, and for the use of its legal representatives, to the full term for which such patents have been granted as fully and entirely as the same would have been held by Assignor had this assignment not been made.

Assignor does hereby further covenant and agree that it will not execute any writing or do any act whatsoever conflicting with these presents, and that Assignor, its successors and assigns, will at any time upon request without further additional consideration, but at the expense of Assignee, its successors and assigns, execute such additional writings and do such additional acts as Assignee, its successors and assigns, may determine as necessary or desirable in the enjoyment of this grant, and in any proceedings or transactions involving such inventions, patent applications or patents.
